

Prime Radio Partners with Cystic Fibrosis Queensland May 2008

Prime Radio is excited to announce that it has joined forces with the amazing team at Cystic Fibrosis Queensland. Cystic Fibrosis Queensland work with families and individuals in each of the markets we broadcast in, our plan is to take the CF message to our entire Prime Radio audience and assist in fund raising, building awareness and helping out the many families that live with CF each day.

Prime Radio will be providing a cash component and an air time component to CFQ, we have also set up a structure for staff to donate from their salary if you would like. This is a very significant partnership for the radio group, and have no doubt that the hard working team at CFQ will enjoy working on many different events in each of our markets across Queensland.
